

## GIVAGRANT REGISTRATION

- We have transitioned to GivaGrant, a new scholarship application platform. Before beginning your application, you will need to [register with GivaGrant](#).
- You can start your scholarship application and save it to finish at a later time.

## APPLICATION PROCESS

- You only need to complete one application to be considered for all available academic scholarships.
- Check the boxes on the list for all of the scholarships you are applying for.
- Some scholarships are specific to certain majors, so please review the criteria before selecting the ones you are applying for at [farmhouse.org/foundation/your-impact/scholarships](https://farmhouse.org/foundation/your-impact/scholarships).

## APPLICATION QUESTIONS

- Answer in full all of the application questions.
- The minimum GPA requirement is 3.2 (International Fraternity's average cumulative GPA)
- Your responses should reflect your own thoughts and experiences—please don't rely on AI tools to write your answers.
- Provide detailed descriptions of leadership positions or organizations if they are not self-explanatory. For example, Agricultural Education Club is recognizable. Alpha Epsilon Society is not. Instead, use Alpha Epsilon Society (Honor Society for Agricultural and Biological Engineering).
- Answer the final question only if you have financial need or extenuating circumstances.

## TRANSCRIPT

- You must upload an official university transcript with your scholarship application.
- Unofficial versions printed from the University website are not acceptable.
- Transcripts including finalized grades from the most recent spring semester are recommended.

## LETTERS OF SUPPORT

- Your letters of support should be uploaded with your application on the GivaGrant platform.
- It is recommended that the letters be signed (or an electronic signature inserted) and then saved or scanned as a PDF document and uploaded with your application.
- It is not recommended that the letter be typed directly in the body of an email.
- REMINDER: You will need letters from the following individuals...
  - One from a FarmHouse alumnus
  - One from a FarmHouse undergraduate member
  - Up to three letters can be from non-FarmHouse faculty, employers, etc. (up to five total)
  - Recommendation: Prioritize recommenders who know you well rather than filling in spots with undergraduate members.

## SCORING

- Applications will be evaluated based on the following:
  - Leadership and Service (25 points)
  - Scholarship Record (30 points)
  - Evidence of High Moral Character, Integrity and Ethics (25 points)
  - Recommendation Letters (20 points)
  - Need Statement (up to 10 points)

## DEADLINE

- Your application must be submitted through the [GivaGrant platform](#) by Friday, June 13.
